Hello,

As always, I am very excited to bring you the Cotton Kids Spring/Summer 2021 collection! We are so thankful for the outpouring of support we received from you, our wonderful stores, in this trying time. Thanks to you all, we were able to keep the business going without having to furlough a single employee, and your encouragement gave me the strength to fly out to my factory in India and design a new line in the middle of a global pandemic.

So, despite all the troubles we faced while making it, I think this year's line represents some of our best work. Our exclusive digital printed designs are sharper, bolder, and more inventive than ever, thanks to the work of acclaimed artists we collaborated with from around the world. And our appliques and embroideries still boast the intricate and innovative attention to detail that we pride ourselves on. All our garments are produced at our family-owned, fair trade factory, so we can personally ensure the quality of your goods.

As always, your suggestions, advice, and continuing support are invaluable and always appreciated. Feel free to reach out to me anytime to let us know what you think!

Thank you and best wishes  
**Minnie Andersen**
